We are your macro specialists for T_EX or L^AT_EX fine typography specs beyond those of the average L^AT_EX macro package. If you use X_YL_AT_EX, we are your microtypography specialists. We take special care to typeset mathematics well.

Not that picky? We also handle most of your typical T_EX and L^AT_EX typesetting needs.

We have been typesetting in the commercial and academic worlds since 1979.

Our team includes Masters-level computer scientists, journeyman typographers, graphic designers, letterform/font designers, artists, and a co-author of a T_EX book.

Specializing in foreign language, multilingual, linguistic, and technical typesetting using most flavors of \TeX , I have typeset books for Pragmatic Programmers, Oxford University Press, Routledge, and Kluwer, among others, and have helped numerous authors turn rough manuscripts, some with dozens of languages, into beautiful camera-ready copy. In addition, I've helped publishers write, maintain, and streamline \TeX -based publishing systems. I have an MA in Linguistics from Harvard University and live in the New York metro area.
