

- 3.2.1 سجانا /sajaanaa/ (medial *alif* has weird hook; this appears throughout)
- 3.3 /masaajid meeM/ and میں مساجدوں /masaajidooM meeM/ (same *alif* issue)
- 3.3.1.2 "Place suffix" شکار /shikaar/ (*ailif* + *kaaf* looks weird)
- 3.3.1.2 "Diminutive suffixes" چچ /cammac/ (letters compressed so much it's hard to read)
- 3.3.1.3 علم طالب /taalib-e-ilm/ (*laam* + *alif* looks weird)
- 3.3.2.1.5.3 حقوق /huquuq/ (*vav* doesn't connect well)
- 5.1.1.2.2 "ex. 5.23" سلیم /saliim/ (*meem* not connecting well)
