\textit{Thanks to all!}

Acknowledgements

\textit{Special thanks to all the speakers and teachers, without whom there would be no conference, and also:}
\begin{itemize}
\item Chapel Hill Visitor's Bureau, for providing local assistance.
\item Nelson Beebe, for agreeing to be the keynote speaker.
\item Duane Bibby, for the always excellent drawings.
\item Joseph Hogg, for his extra donations to the raffle.
\item Wendy McKay, for organizing the Mac OS X BOF.
\end{itemize}

Conference committee

Karl Berry \text{\& Lance Carnes} \text{\& Sue DeMeritt} \text{\& Steve Grathwohl} \text{\&}
Robin Laakso \text{\& Steve Peter} \text{\& Cheryl Ponchin}

Participants

\begin{itemize}
\item David Allen, University of Kentucky
\item Tim Arnold, SAS
\item Kapila Attele, Chicago State University
\item Kaveh Bazargan, River Valley Technologies
\item Nelson Beebe, University of Utah
\item Karl Berry, \TeX Users Group
\item John Burt, Brandeis University
\item Lance Carnes, Personal \TeX Inc.
\item Rialine Cruywagen, Unisa, South Africa
\item Em Van Deventer, Unisa, South Africa
\item Trinette Jeanne Evert, Unisa, South Africa
\item Ronald Fehd, Centers for Disease Control, and Prevention
\item Frances Felluca, INFORMS
\item Peter Flom, National Development and Research Institutes
\item Peter Flynn, Silmaril Consultants
\item August Gering, Duke University Press
\item Steve Grathwohl, Duke University Press & TUG
\item Eitan Gurari, Ohio State University
\item Hans Hagen,Pragma ADE & NTG
\item Joseph Hogg, Los Angeles, CA
\item Lezlie Holbrook, Oak Ridge National Laboratory
\item Klaus Höppner, DANTE e.V. & TUG
\item David Ignat, International Atomic Energy Agency
\item Calvin Jackson, Caltech
\item Mirko Jane, INFORMS
\item Harvey Jeffries, University of North Carolina
\item Jonathan Kew, SIL International
\item Richard Koch, University of Oregon
\item Martha Kummerer, University of Notre Dame
\item Robin Laakso, \TeX Users Group
\item Jenny Levine, Duke University Press
\item Barbara Mastrian, Rutgers University
\item Wendy McKay, Caltech
\item Marisa Meredith, University of North Carolina
\item Andrew Mertz, Eastern Illinois University
\item Tristan Miller, German Research Center for Artificial Intelligence
\item Jaime Moore, Pacific Northwest National Laboratory
\item Stephen Moye, American Mathematical Society
\item Steve Peter, Beech Stave Press & TUG
\item Cheryl Ponchin, Center for Communications Research, Princeton, NJ
\item John Rorem, Duke University Press
\item Volker R.W. Schaa, DANTE e.V.
\item Anita Schwartz, University of Delaware
\item Heidi Sestrich, Carnegie-Mellon University
\item William Slough, Eastern Illinois University
\item Alistair Smith, Sunrise Setting Ltd
\item Terri Spence, Duke University Press
\item Chris Swanepoel, Unisa, South Africa
\item Lee Trimble, University of North Carolina
\item Gary Tucker, Averett University
\end{itemize}
